RESEARCH AND DIAGNOSTIC SAMPLES, TRADE SAMPLES AND DISPLAY ITEMS FROM OTHER EU MEMBER STATES, SWITZERLAND, NORWAY AND LIECHTENSTEIN

Consignments of research and diagnostic samples, trade samples or display items as defined in the Animal By-product (ABP) legislation (see Annex) and not intended for human consumption, coming into England from another Member State of the European Union do not need an import licence or authorisation. However, the products must be produced, processed, transported, handled, labelled, stored, used and disposed of in accordance with the relevant requirements of:

- Regulation (EC) No 1069/2009¹ of the European Parliament and of the Council of 21 October 2009 laying down health rules as regards animal by-products and derived products not intended for human consumption and repealing Regulation (EC) No 1774/2002 (as amended) <http://eur-lex.europa.eu/RECH consolidated.do> ; and
- Regulation (EU) No 142/2011² implementing Regulation (EC) No 1069/2009 of the European Parliament and of the Council laying down health rules as regards animal by-products and derived products not intended for human consumption and implementing Council Directive 97/78/EC as regards certain samples and items exempt from veterinary checks at the border under that Directive (as amended) <http://eur-lex.europa.eu/RECH consolidated.do>

Further information is available in the relevant Importer Information Notes available on the Defra website: <http://www.defra.gov.uk/animal-trade/imports-non-eu/iins/animal-by-products/research/>

There are restrictions and prohibitions on the carriage of certain products and substances by post, guidance for which is available from the following sites:
